COMPANY PROFILE

CONSAL

GLOBAL ELECTRONICS

Welcome Message / CEO Message

Dear Partners, Clients, and Friends,

It is with great pride that we welcome you to Consal Company for General Trade Ltd.

Since our establishment in 2005, we have worked with dedication and vision to become one of the most trusted names in the field of general trade and climate solutions in the Kurdistan Region of Iraq. Over the years, we have expanded our operations, forming strong partnerships with world-renowned brands in the heating and cooling industry, and delivering advanced solutions to meet the demands of both residential and commercial projects.

At Consal, we believe in long-term relationships built on trust, transparency, and quality. Our goal is not only to meet market needs but to exceed expectations by offering reliable products, professional services, and continuous support to our valued customers.

As we look toward the future, we remain committed to innovation, sustainability, and growing our investments in a way that contributes to the development of Kurdistan and Iraq. We thank all our partners, clients, and employees who continue to support our journey.

Sincerely,

The CEO

Consal Company for General Trade Ltd.

About Us

Consal Company for General Trade Ltd. is a leading general trading and investment company operating in the **Kurdistan Region of Iraq** since 2005. From our beginnings in the **cooling and heating systems sector**, we have expanded our portfolio and developed a strong presence in both the residential and commercial markets.

We are proud to serve as the exclusive agent and distributor for several global brands in Iraq and the Kurdistan Region, including:

- **CONSAL AIR COOLER (Iraq)** – durable and energy-saving evaporative cooling units designed for the local climate.
- **AUX (China)** – advanced air conditioning systems.
- **KERONA (south korea)** – premium kerosene heaters.
- **VEITO (Turkey)** – efficient heating solutions.
- **LAMBORGHINI CALORECLIMA (Italy)** – high-performance climate control technology.

In addition to representing international brands, **Consal also proudly produces its own line of air coolers**, offering innovative, efficient, and affordable cooling solutions that are ideal for both residential and industrial use.

Our company is committed to delivering modern, energy-efficient solutions that align with global standards and regional needs. Through our expertise, product quality, and reliable after-sales service, we have earned the trust of thousands of customers.

As we continue to grow, Consal remains focused on integrity, quality, and innovation, ensuring every project we undertake contributes to the comfort, efficiency, and progress of our community.

Our Expertise & Product Portfolio

Since 2005, Consal Company for General Trade Ltd. has been at the forefront of cooling and heating solutions in the Kurdistan Region and Iraq. With nearly two decades of experience in general trade and technical distribution, we proudly serve as the exclusive agent for several world-class brands, and we continue to expand our impact across residential, commercial, and industrial sectors.

We specialize in the import, distribution, and servicing of advanced climate systems that meet the highest standards of quality, efficiency, and durability. Our expert team supports clients through every stage — from consultation and system design to product supply, installation, and after-sales service.
